## Adoptions

A beautiful white Labrador named Tags went to her adoptive home in Cambridge. She is 1 ½ years old. On Saturday Lola went to her new home in Pennsylvania. Her family called to say what an "awesome" puppy she is. She follows the kids around the house and she likes quality time with her new Dad in the morning. The lab mix puppies Bonnie and Clyde went to their new home in Queenstown on Friday. Their owner Larry bought new beds for their "his and hers" dog houses. The Border Collie mix dog Zach went to his new mom's home in Arnold on Thursday. Susan called Friday and Saturday to say how delighted she is with him. Three kittens went to their new homes the second week of September. Tigger is very happy at his new home in Chestertown. His adoptive mom says they are "in love". Harvey and Stormy are also loved in their new home in Severna Park. Pippi, Cotton and Zippy returned to their home in Cordova. Izzy now resides in Greensboro. We've been busy with these placements!

## Whole Foods Helps Increase Pet Adoptions

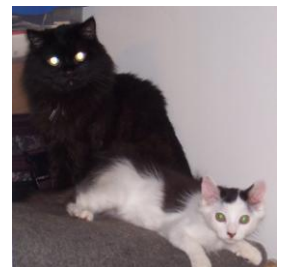

The delicious food was donated by Whole Foods for their Saturday "Giving Grill". Many volunteers from CCAD were available to serve food and show our cats and dogs. This event led to several adoptions and a large donation from Whole Foods. It was a nice day and enjoyable for everyone who helped promote our rescue group. Uncle Dan (above) brought along his foster cat and kittens to be seen. His nephew Brian helped Peter Lee and Ken Wentzel do the cooking. In the left picture, our center volunteer Jenna helps Nicole Lee serve the food. Thanks to everyone who helped make this a successful day.

## Letters of Appreciation

I just wanted to give you guys a little update on Goliath, who we have re-named Sammie. I liked Sampson, which is his brother's name, so we decided to go with Sammie! But he is doing great. He plays all day with anything he can get his little paws on! He runs around the house and he and Akira (our other cat) chase each other. He has really been a lot fun and I think a great friend for Akira. Hope all is going well!

Dear Sheila, Thank you for bringing Emily into my life and allowing me to adopt her. She is quite a sweet and interesting lady. We are getting to know each other and I know she will be as happy here as I am to have her. Warmest regards, Gloria

Hello all: Here are pictures of Max and Fuji (you know her as Hope seen to the left). We finally moved into our new house. Even with all the new found space for them to play, they still prefer to play where ever we are, sleep on our bed, and hide their toys under our bed. I think they think they own our bed. Speaking of play, I wish you could hear how they sound like horses sometimes running through the house chasing each other. Aha, it's the funniest thing ever to watch those two play.

They get along great w/ the boys and my niece is in love w/ them and always wants to take them home. Max is still giving out his super head butts to everyone that comes over. Fuji's favorite past time is batting at our feet from underneath the bed's dust ruffle. Oh, and they're both very vocal, especially at dinner time or when we get home after work. Tami.

### **The Izzy Rescue Fund**

Izzy is an adorable, personable little smoke gray kitten who was rescued at the Caroline Career and Technology Center on the Back to School night. Teacher Henrietta Deel and her husband Ron brought this small 2 week old kitten home when she was found at the school in a location where the mother cat could not get to her. Izzy was fostered by Joyce and Bill Barnes when we received a call to help with this young kitten who needed bottle feeding around the clock. Izzy developed into a lovable, strong, playful kitten who went back to the Deels for her forever home. Henrietta arranged with the school to have a fundraiser to benefit the Izzy Rescue Fund for Chesapeake Cats and Dogs. They are putting on a chicken dinner at the school for \$8.00 on October 5, 2007. You can pick up dinners at the school from 11:00 to 5:30 PM. The school is located at 10855 Central Avenue in Ridgely, MD. It's a beautiful drive up Route 404. Turn left onto River Road which is between Denton and Ridgely. Then take the first left which is Central Ave. Then turn into the third driveway. Tickets are available at our center or you can call 410-479-0100 by October 3 to reserve your ticket.

### **Autumn's Story**

Autumn is a beautiful senior cat who wandered into a CCAD Board member's garage recently. After a trip to the vet, we were told to bring her back to the center and give her love and food because she was very thin. She needed to spend several days at the cat hospital when she began having digestive problems. We ran an ad in the local papers and posted fliers looking for her owners. Then one Saturday a lady called and said she had seen Autumn (real name Daisy) on Pet Finder and was coming in to get her. There was no doubt from the staff that Daisy was hers so she was returned. However, the lady had a cat door for 2 other cats and Autumn got out again. She is deaf so you can not call her and she is 17 years old. CCAD volunteers helped look for Autumn and we set a trap. We prayed and within hours the owner found the cat several blocks from her home. She has now gone to the owner's farm where there is a screened in porch. We all loved Autumn and will miss this gentle cat who touched our lives.

### **Big Thank Yous**

About 60 newsletters are mailed out to people who do not have email. Lisa Bedard takes these envelopes to the company that she works for to put the postage on them and put them in the mail. THANK YOU very much Larsen Products and Lisa! It is their donation to our cause. Kass Dushel prepared these newsletters for mailing and that was so helpful. Thank you also to Gene Beville of Kent Island Abbey Floor Coverings of Stevensville for installing the floors in our cat rooms at cost.

### **Center Hours**

Remember that the Center is open Wednesday through Saturday from 10 – 2 and Sundays from 12 to 4. We also open the Center any time that someone wants to make an appointment to see the cats. Our dogs are in foster homes so appointments with the foster parents are necessary to meet the dogs. The Center is in one of the green buildings across from Western Auto and next to Queenstown Bank on Kent Island.
