Working to provide a life of love and dignity for all animals

January 2010

Dog of the Month

PLEASE OPEN YOUR heart to a very special dog. **Casper** deserves so much better than he has gotten in his really short life

so far. When he came to us, he was blind and suffering from glaucoma in one eye caused by neglect, as well as ear infections. He has been through a couple of surgeries now, and, under the terrific care of his foster family, he has thrived. He is a happy boy, who attaches quickly to anyone willing to give him love and attention. He loves his special ball, and to cuddle. Because of his eye conditions, he has limited vision, but learns his surroundings quickly and needs only drops and checkups for his eye pressure. He is a handsome guy, only 5 years old. He comes to you microchipped, neutered, and up to date on his shots. Can you find a place in your home and heart for this wonderful dog? 🐾

SO MUCH NEED—YOU CAN HELP!

CAN YOU SPONSOR A FUNDRAISER?

There is a never-ending supply of newborn, baby, and adult animals that need shelter, food, medical care, and love, but a finite amount of funding. Fundraisers sponsored by local businesses and corporations are a great way to raise much-needed money and supplies, and benefit all. Your generosity can do so much good—please help. To find out how, contact us at 410-643-9955.

Cat of the Month

OATMEAL came from a farm in Anne Arundel County with his companion,

Cinnamon. While there, Oatmeal lived in the cold and searched for food. He has adjusted quickly with the help of his foster parents, and now his real personality is shining through. Oatmeal is a lovable cat, and is exceptionally good at head rubs and purring! He is also a strikingly handsome cat, and we all suspect he knows it! Oatmeal loves people and will come right up to you. He will get in your lap, and ask to be petted. "I'm so sweet—won't you take me home with you?" He just wants a happy home in his future. 🐾

Fundraising Committee Forming

Everyone is invited! Would like to help organize and become a member of a fundraising committee? The committee will consist of volunteers interested in sharing their fundraising ideas and will meet quarterly (the beginning of each season). Some topics for discussion are:

- 🐾 Sharing fundraising ideas.
- 🐾 Researching how to ensure successful fundraisers.
- 🐾 Coordinating volunteers to help at fundraisers.

Please email Cindy Jenkins at Acdd4@aol.com if you are interested in being a member or if you have suggestions.

Volunteer of the Month

THE IRONS FAMILY has spent many hours cuddling cats and assisting with our needed CCAD projects. Originally from Annapolis, the family moved to an 18-acre farm in Queenstown. The children—Hannah, Daniel, and Jonathan—are home schooled and very involved in the local 4-H. Not only have they adopted two cats from CCAD—Pinky (now Tilghman) and Houston—but they care for many animals on their farm. Mrs. Irons and the children often come to visit and pet each and every cat and kitten at the Center. In addition, just before Thanksgiving, during a rain storm, the family replaced all the hay in the Feral Cat House located near the Center, making it warm and ready for winter. 🐾

Call or come to the Center. Makes a great gift!

WE NEED: Helpers for 2-hour shifts at the **Petco fundraiser, January 16/17; 9:30-3:30** to set up/man tables/bring cats, and take down display/return cats to center. Email Cindy.Jenkins.Acdd@aol.com.

WE ARE LOOKING for good homes for **barn cats** where they will be well cared for. Those we place in barn homes would be feral cats that will be spayed and neutered and have all shots. Contact the Center.

ADOPTION STORIES

We adopted Teddy from CCAD in September. Our thanks go to our neighbor, Lynne, who was his foster mom. We saw her walking Teddy and thought we could add to our family. Teddy is sweet and friendly, and has made every effort to fit in well with our older Pomeranian, Jack-Jack. Teddy's specialty is walking around on his hind legs. He sleeps upside down with a smile on his face. Thanks—Rebecca and Paul Placek

Nauticat (aka Hobbs) is now about 7 months old. He has taken well to sailing—he's gone several times and has acclimated to the responsibilities of line and sailboat handling. The boat is up for the winter, but we go there weekly to ensure that the batteries are fully charged. While waiting, Nauticat enjoys a little HDTV or an "animal" DVD, and a few snacks. He's happy that we've installed a heater for the colder days, and he prefers to stay below under the covered yacht.—Captain Tony and Kiyomi
