Working to provide a life of love and dignity for all animals

July 2012

Finally, I am "out and about"

Well, I'm finally meeting all my new friends. I think my best friend is Bruce!

Rescue Angel in Action

SPECIAL THANKS this month to **Nandy Wentzel** and her family who have done some long drives to transport animals from the shelter to us. Their prompt response helped save a few lives this month.

Nandy has helped fill a void for her mother who is now living in Costa Rica.

If you can do transport for us, taking pets to vets, picking up at shelters, please contact us as soon as possible.

June 30 at PetSmart

EVEN WITH FOLKS cleaning up from the storm Friday evening, we had plenty of people stopping by. Folks were bringing their animals in to get a break from the heat. We received donations, several adoption applications, and a volunteer application.

We had some unusual visitors and there are pictures of our cats and dogs with their new families. — **Dan & Deb Vogelsang**

PRESIDENT'S CORNER

Rescue is always a difficult place to be, but never more so than in the summer. The shelters are overflowing, and the holiday last week gave many the "reason" for dropping their dog or cat at a shelter as they left for vacation.

In the past week we have heard from two of our partner shelters that they are euthanizing in the hundreds at the moment because there are no spaces left.

We would love to be able to help, but without FOSTERS we just cannot.

Please consider giving a spot in your home for a foster dog even just for a weekend or a night. That will help us to save one more life.

We put the dogs on Petfinder as soon as we can, we network to other rescues, we email all the folks we know who might be seeking a new life companion, and we use Facebook to broadcast the new pets, but we really need your help. Please contact us to help save lives.

Remember to keep your pets cool and give them plenty of water during these hot days and remember it is best to leave your pets at home when you are running errands. It takes only minutes in a car in 90-degree weather, even with the windows open, to cause heat stroke and possible death to your pet.

As always, thank you for your support.

WE RECENTLY LOST ROSIE (formerly Charm), whom we adopted in 2009. She had an enormous tumor that rapidly took over her entire tummy. She brought such joy to our family and we are sad that our time together was so inexplicably short.—The Goucher Family

BEN WAS ADOPTED BY THE VEIRS family in 2008 and sadly left their side on Mother's Day. Ben was 5 when given up by a family no longer able to care for him. The family adored little Ben and miss him terribly.

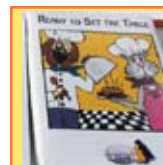

BALTO/CASINO HAD 5 great years, and he was so devoted to me. I promised Balto the morning we put him down that I would return the favor and rescue a dog like he rescued me.—Jay Booze
