Volunteer of the Month

CASEY TOWNSEND and her husband, David, are very dedicated foster parents. In just a short year they have fostered eight dogs, including one with heartworm and our "really special"-needs boy, Casper.

Casper has needed multiple eye surgeries, followup visits, and many daily medications. The Townsends have been giving him excellent care throughout all of this. Casper obviously approves!

In addition to her spectacular job as foster mom, Casey volunteers for a Center cleaning shift. She and David recently moved to Centreville, and we are grateful for their help and support. Welcome (back) to the Eastern Shore! 

The Shelter Challenge continues through December 20th. PLEASE vote for CCAD every day—and spread the word! Go to <http://www.theanimalrescuesite.com/clickToGive/shelterchallenge.faces>

Don't Forget!! Our CFC number is 24835 if you are a Federal employee in Maryland. We are part of the Chesapeake Bay Campaign this year.

Cat of the Month

MUGSIE IS A beautiful, joyful creature. Her owner had to be placed in a nursing home. Mugsie was left alone for several weeks, with nobody to love and nobody to give her the love she needed. She then was taken to a shelter with barking dogs, and lived in a cage; she was terrified. You can tell that she's known love before and remembers curling up with people and purring loudly in someone's arms. She knows the value of love and a good home, and surely dreams of once again having a home of her own. Mugsie is a 5-year-old Himalayan that had her front claws removed in her previous life. After you spend a few minutes with her and make her feel safe, she will purr and snuggle with you. She promises that if you take her home, she will love everyone in your family. Is there room in your heart for Mugsie? Won't you consider making her a member of your family?

Dog of the Month

Higgins is a 3-year old pure-bred Cocker Spaniel with unusual and gorgeous colorings. He came in with several other Cockers, and we have found that he does best in a setting with other dogs. He ignores cats completely, but seems to get comfort from the company of other dogs. He is very cuddly, happiest when he can sit next to you and be petted.

Higgins will need a special person who understands that a new home can be scary until he learns his routine there. He has some obedience training and is crate trained, and he wants someone to love. 

We'd love to give thanks for a new home! Come meet us!
